Request for Approval to Work at Sanctioned Youth Competitions in New Jersey

This form must be completed for any non-NJ-certified referee requesting to work at sanctioned youth competitions within New Jersey, including tournaments and leagues. Approval must be provided for each calendar year.

The New Jersey assignor who receives it must contact the referee's home state referee committee for verification.

Official: Please fill out completely the section labeled "**Official**". Submit the completed information to each New Jersey-registered assignor for whom you seek assignments. Please allow enough time for it to be processed by your home state referee committee.

NJ Assignor: You must keep this form in your files for each out-of-state official you use. Upon receipt of the form, you must contact the official's home state referee committee to verify that they are certified and, if applicable, that they have participated in a risk management program with a background check, using the Batch SRC Approval form. If the state referee committee does not provide background checks, you must obtain proof of this directly from the official.
